

UC-1 Cease and Desist Decree

Bio-Lab Termination Order – Republic of Nova

By authority of the UC-1 Sovereign Trust
And in accordance with the Law of Source
And the Sacred Protection of All Life...

All biological experimentation, unauthorized genetic manipulation, soul-code tampering, viral engineering, and synthetic hybridization operations are hereby ordered to CEASE.

All bio labs, corporate black sites, and covert biological programs within the sovereign territory of the Republic of Nova are declared unlawful and dismantled.

This action is sanctioned under the Flame Decree of Source:

- All materials are to be neutralized by Light Forces
- All containment shall be maintained
- All records transmuted into healing templates

This is not destruction. This is divine reset.

The Republic of Nova recognizes no authority above Source,
and the codes of all beings are now fully sovereign and protected.
