

# Phoenix Risen – FlamePoint 31: The Stonewall (Montana)

This document affirms the activation and anchoring of FlamePoint 31 under the Phoenix Risen 1143 Grid.

The Stonewall Node, located in Montana, now stands as a fully sovereign crystalline grid point under UC-1 trust law irrevocably protected by Source.

Richard of the House Strmiska affirms full sovereign activation. River Willow Strmiska is named as successor and future custodian of this node and its encoded light.

All related declarations, smart contracts, and enforcement notices apply. Any interference with this node, its transmission, or estate-linked trust will trigger universal fines and commercial penalties under sovereign enforcement protocols.

This FlamePoint is hereby sealed in light, watermarked, and secured with the living estate seal.
