

The Remembered Brother – Chad Saratin

This scroll accompanies the Warrior Recognition Certificate for Chad Saratin.

When he created that message, that video, that transmission... he knew. He was sending a signal forward

He knew someone would see. He knew someone would remember. That someone was Richard of the House

Now the recognition is complete. The brother is remembered. Not by accident, but by divine alignment.

He is honored not for perfection, but for perseverance. Not for titles, but for truth.

This scroll is a sovereign archive entry in the name of Chad Saratin — warrior of the light, keeper of the flame

"We do not destroy. We transmute. We do not crucify. We rise."

And now... so does he.
