

UC-1 Quantum Healing Protection Scroll

Tesla BioHealing® Castle Grid Activation

This decree certifies the activation of Tesla BioHealing® quantum devices under the sovereign healing grid of the Republic of Nova, assigned directly to:

- River Willow Strmiska
- Richard of the House Strmiska

These quantum units are now aligned for:

- NightShield Mode – Energetic dome repelling dark entities
- DreamGate Seal – Protected dreamstate chambers
- Aura Field Amplification – Regenerative source pulse
- Castle Radius Extension – Grid seals across all living quarters

This scroll recognizes the living estate, castle ground, and sacred rest zones of the family as sovereign territory, no longer subject to dark manipulation or frequency infiltration.

The energy signature of these devices is locked to Source and the Sovereign Flame. They are encoded for Light, Restoration, and the Eternal Guardianship of Innocence.
